

THE BOOK OF

# Angels

DEDICATED TO ELLA LOVE

In this collection, Greg Senecki invites readers into a realm where angels walk among us, their presence felt in the quiet moments of our lives. Through lyrical verses that blend the ethereal with the every day, Senecki crafts a tapestry of celestial encounters that resonate with hope, comfort, and divine love. His poems paint vivid images of angels as gentle guardians, their wings shimmering in twilight's glow, their whispers carried on soft breezes. With each stanza, Senecki reminds us that these celestial beings are constant companions on our journey, offering guidance through life's trials and celebrating our joys. "The Book of Angels" is not just a collection of poems, but a spiritual journey that encourages readers to open their hearts to the possibility of divine presence in their lives. Senecki's verses serve as a gentle reminder that even in our darkest moments, we are never truly alone.

## CONVERSATIONS WITH ANGELS

In twilight's hush, where whispers dwell,  
An angel speaks a sacred spell.

"Life's beauty," it softly sighs,  
"Is found in love that never dies."

"With wings of light and eyes so bright,  
They guide us through the darkest night.  
"Each moment sparkles, pure and clear,  
In every heartbeat, I am near."

"Embrace the joy in every tear,  
For I am here to calm your fear.  
In laughter's dance and gentle grace,  
You'll find me in each warm embrace.

## ANGELIC WHISPERS

In the stillness, soft and pure,  
An angel's voice, a heart's allure.  
"Life's beauty," it tenderly shares,  
"Is woven in the love that cares."

"With wings that shimmer, bright and wide,  
They lift our spirits and be our guide.  
"Look to the stars, let your heart soar,  
In every moment, I am more."

"Through trials faced and dreams embraced,  
In every smile, my light is traced.  
For in the silence, hear my song,  
With angels near, you can't go wrong."

## CELESTIAL GUARDIANS

Feathers of light, eyes aglow,  
Angels whisper what we should know.

"Life's beauty," they gently impart,  
"Resides within your beating heart."

"Guardians of hope, celestial friends,  
Their presence comforts, protects, and mends."

"In every breath, in every sigh,  
We're here beside you, never shy."

"From realms above, we watch and care,  
Our love for you beyond compare.  
In times of joy, in moments bleak,  
It's your soul's strength we help you seek."

## ANGELIC SYMPHONY

In realms unseen, where starlight gleams,  
Angels weave through mortal dreams.

Their voices soft, a gentle breeze,  
"We're here to guide, to love, to ease."

With wings unfurled, in silver-gold,  
They carry wisdom, ancient, old.  
"Each life's a song," they sweetly sing,  
"A melody where hope takes wing."

Celestial beings, pure and bright,  
Illuminate the darkest night.

"In every prayer, in every plea,  
We answer with divinity."
